Aspen FR30 – 38.995,- euro

Absolute Sound Magazine's Ultra High -End Loudspeaker of the year!

Our goals for the FR30 were to design and build a state-of-the-art full-range loudspeaker with extraordinarily low distortion, effortless reproduction, seamless tonality, and exquisite beauty. The aspen FR30 represents the culmination of 50 years of industry experience.

In all respects, the FR30 will transcend your expectations of what it means to be called a reference loudspeaker

Aspen FR20 – 24.995,- euro

The ground-breaking aspen series of loudspeakers sets new standards for what is possible in home audio reproduction. Now, with the introduction of the smaller FR20, it is finally possible to bring the magic of aspens into more people's homes. In all respects, both the FR30 and FR20 will transcend your expectations of what it means to be called a reference loudspeaker.

The perfect size loudspeaker for any room

Aspen FR10 – 12.995,- euro

A no compromise affordable loudspeaker

The aspen FR10 loudspeaker is a full range, state -of-the-art loudspeaker that fits into all rooms and budgets. With room -filling, extraordinarily low bass response down to 30Hz, the aspen FR10 employs the same planar ribbon technology as its larger counter parts but in a smaller and more affordable package. If you're serious about high -end audio, then the FR10 may just be the perfect speaker for you.

That this speaker is financially within reach of many makes it a miracle.

Aspen FR5 – 4.995,- euro

Stands 595,- euro

The perfect size loudspeaker for any small to medium-sized room.

"The best speaker I've ever heard in this price range**"

The ground-breaking Aspen series of loudspeakers sets new standards for what is possible in home audio reproduction.

Now, with the introduction of our full range 2-way stand mount speaker, the Aspen FR5, it is finally possible to bring the concert hall to any small to medium sized room.

DirectStream Power Plant 20 – 12.595,- euro

Our most powerful AC power regenerator provides up to 40% more output power than our P10. Can run on 15 or 20 amps, and featuring three times the energy storage of the P10. 10x rejection factor dramatically lowers distortion. 16 receptacles, 5 IsoZones. Over/under voltage, surge and spike protection, 12 volt trigger, sequential turn on.

Available in silver or black.

DirectStream Power Plant 15 – 9.995,- euro

The successor to the venerable P10, the P15 has been completely redesigned from the ground up to lower output impedance and distortion. The P15 also features an all new FPGA based DSD sine wave generator. Capable of providing 1500 watts of pure, regenerated power, the P15 is capable of powering medium to large systems. 10 receptacles, 5 IsoZones. Over/under voltage, surge and spike protection, 12 volt trigger, sequential turn on.

Available in silver or black.

DirectStream Power Plant 12 – 7.495,- euro

The P12 is a complete redesign on the P5 and is our most compact power plant. The P12 will take AC power and regenerate it into perfect, regulated high-current AC power. The P12 features a new FPGA based DSD sine wave generator that lowers output impedance and distortion. Capable of outputting 1250 watts of pure power, the P12 is capable of handling most systems out there. 8 receptacles, 4 IsoZones. Over/under voltage, surge and spike protection, 12 volt trigger, sequential turn on. Available in silver or black.

Stellar Power Plant 3 – 3.900,- euro

Our most compact and affordable Power Plant, the P3 is the perfect companion for sources and small to medium systems. Able to provide 300 watts of continuous power output and peaks up to 900 watts. Features overbuilt surge and spike protection to ensure any gear hooked up to it is safe and sound.

BHK Signature Series 250 - 10.995,- euro

BHK Signature Series 300 - 21.995,- euro

Bascom H. King's magnum opus featuring a vacuum tube input with a powerful MOSFET output capable of either 250/500 wpc in the Stereo 250, or 300/600 watts in the Mono 300. Differentially balanced from input to output. Running everything in parallel, the mono offers double the current for tough loads and a more lifelike sound. Available in silver or black.

NEW* BHK Signature Series 600 - 41.995,- euro

Designed by the late Bascom H. King, the BHK600 represents the culmination of a lifetime of dedication and design in a single breathtaking expression of pure audio amplification. Built like no other power amplifier in history, the BHK600 will stand the test of time as one of the finest power ever crafted.

BHK Signature Series Preamplifier - 8.995,- euro

The best way to experience the BHK 250 and 300s. Fully balanced, the design couples two 12AU7 tubes on the input with MOSFETs driving the output. 5 single ended and balanced inputs with the option for HT bypass on each. Innovative volume control combines coarse changes done with resistors with fine changes handled by changing the gain of the tubes. Can be rolled with 6, 7 or 12 volt tubes. Built-in headphone amp shares the tubes on the input for a balanced, powerful design capable of driving any set of headphones.

PerfectWave SACD Transport - 8.995,- euro

Our finest achievement in musical reproduction and information retrieval from optical media. Breathe new life into your CD collection played through any DAC. Send the raw DSD layer of SACD into your I2S input DAC so you can hear, for the first time, what's long been unavailable to external DACs in these high-resolution discs.

PerfectWave DirectStream DAC MK2 - 9.995,- euro

DirectStream MK2 is handwritten, discrete, galvanically isolated, perfection-based conversion that uncovers all the missing information hiding in your digital audio media. CDs, streaming audio, high-resolution PCM or DSD based media are expertly upsampled in the DirectStream MK2 to twenty times DSD rate and output as pure analog directly into your amplifier or preamplifier

AirLens - 2.395,- euro

Streaming audio via Roon or other services like Qobuz, Tidal, and Spotify offers millions of titles at the touch of a finger.

Stellar Strata MK2 - 3.995,- euro

When you add the StellarGold Preamplifier into your audio chain—bridging devices like DACs, phono preamps, tuners, or other auxiliaries with your amplifier—a magical sonic revelation unfolds: more realism, life, and space around each performer. It's time to take control of your system and add that missing element, a great integrated.

Stellar Phono Preamplifier - 3.900,- euro

With the advantage of modern upgraded FET semiconductors and a fresh approach to the art of phono preamplification at his side, Darren wiped the tradition slate clean by hand-fashioning a new approach to the challenge of amplifying and preserving all the magic trapped in the grooves of our records. The results are breathtaking.

Stellar DAC new - 2.860,- euro

Stellar DAC features a built-in Digital Lens, I²S inputs, adjustable filters, and a hand-matched class-A analog output stage that offers breathtaking clarity and musicality. Stellar DAC is our best value in bringing life to music.

StellarGold Preamplifier - 4.995,- euro

When you add the StellarGold Preamplifier into your audio chain—bridging devices like DACs, phono preamps, tuners, or other auxiliaries with your amplifier—a magical sonic revelation unfolds: more realism, life, and space around each performer. It's time to take control of your system and add that missing element, a great preamplifier.

StellarGold DAC - 4.995,- euro

Each channel of the StellarGold is built by paralleling 4 high resolution digital to analog converters, then feeding the combined output of these DACs into an all new discrete class A analog output stage. The results are nothing short of stunning.

Stellar M1200 Mono-block Amplifiers - 8.995,- euro

The latest from Darren Myers, the Stellar M1200 monobloc amplifiers combines the rich warmth and musicality of vacuum tubes with the jaw-dropping power and seemingly infinite headroom of a 1200 watt high-performance output stage. Only available in mono.

Stellar S300 Amplifier – 2.600,- euro

Stellar M700 Amplifiers – 4.395,- euro

Featuring PS Audio's new Analog Cell input stage, the Stellar S300 stereo amp and M700 monobloc amps offer the high current, low distortion and ruler flat linearity of a Class D output stage coupled the sweet and musical qualities of a Class A MOSFET input stage.

Dectet - Niet meer leverbaar

The Dectet Power Center is built to power your entire system with improved dynamics, increased harmonic integrity, and an open, spacious soundstage that can be breathtaking.

Noise Harvester - Niet meer leverbaar

Converts line noise to light. Works at frequencies 10 times lower than other filters. Dramatically lowers the noise source. Use multiple Harvesters in parallel for even better performance. Works with existing power conditioners and is effective plugged in near noisy appliances throughout the home.

PerfectWave AC-12

Our best AC power cable. 8 gauge, PCOCC Pure Single Crystal Copper Solid Core Conductors. Gold plated and polished connectors. Hermetically sealed, hot & cold welded construction. Multiple shields for ultimate noise rejection.

1.0M	995,- euro
1.5M	1295,- euro
2.0M	1495,- euro

PerfectWave AC-5

10 gauge OFC High Purity Copper Solid Core Conductors. Hermetically sealed, hot & cold welded construction. Multiple shields for ultimate noise rejection.
